We have a total capacity of 500 bodies in the building at any given time.
(This includes spectators, athletes, coaches, judges and staff)

Due to COVID restrictions we are asking to try and limit the number of spectators to 2 spectators per athlete. This includes children 5 and under. We understand that you possibly could have more than 2, if you do, try and keep that number as low as possible in respect for other team's spectators and the venue's capacity limit.

We are asking all spectators to exit the arena as soon as your team is finished performing and we will clear the arena after each session.

Everyone entering the venue will be required to go through a temperature check station.
Anyone with an elevated temperature will be asked to leave.

Masks **MUST** be worn at all times for anyone ages 3 and up.

Athletes are the only exception; they will be required to wear a mask at all times, unless warming up on the foam mats or during their performance. If teams choose to wear masks during their practice and performance times, that is fine too.
